Dear Mr. Bulgin,

I made public today a public interest report on "Road Paving Expenditure in Cayman Brac". I have attached a copy of the report for your information.

In conducting my work, I found that the Ministry of District Administration, Works, Lands and Agriculture incurred expenditures in the amount of \$521,000 or more for the purpose of paving privately owned parking lots. Supported by an opinion I received from your Chambers, I reported my view that these expenditure were made without the authority of the Legislative Assembly as the appropriation charged does not include authority to supply or install paving material on private lands.

I am bringing this matter to your attention to determine what, if any, next steps you might want to take as a result of these findings. I look forward to hearing from you in the near future.

Regards,

Alastair Swarbrick  
Auditor General
