REPORT TO THOSE CHARGED WITH GOVERNANCE

INTRODUCTION

- 1. We have completed our audit of the 31 December 2019 financial statements of the Cayman Islands Airports Authority (the "Authority" or "CIAA"). International Standards on Auditing (ISAs) require that we communicate certain matters to those charged with governance of the Authority in sufficient time to enable appropriate action. The matters we are required to communicate under ISAs include:
 - auditors' responsibilities in relation to the audit
 - the overall scope and approach to the audit, including any expected limitations or additional requirements
 - relationships that may bear on our independence, and the integrity and objectivity of our staff
 - expected modifications to the audit report; and
 - significant findings from our audit.
- 2. This report sets out for the consideration of those charged with governance those matters arising from the audit of the financial statements for the 2019 financial year that we consider worthy of drawing to your attention.
- 3. This report has been prepared for the sole use of those charged with governance, and we accept no responsibility for its use by a third party. Under the *Freedom of Information Act (2018 Revision)*, it is the policy of the Office of the Auditor General to release all final reports proactively through our website: www.auditorgeneral.gov.ky

AUDITORS RESPONSIBILITIES IN RELATION TO THE AUDIT

AUDITOR'S RESPONSIBILITY UNDER INTERNATIONAL STANDARDS ON AUDITING

4. ISAs require that we plan and perform the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements is not designed to identify all matters that may be relevant to those charged with governance. Accordingly, the audit does not ordinarily identify all such matters, and this report includes only those matters of interest that came to our attention as a result of performing our audit.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE

5. Management's responsibilities are detailed in the engagement letter dated September 2, 2022. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

OTHER INFORMATION IN DOCUMENTS CONTAINING AUDITED FINANCIAL STATEMENTS

6. While we have no responsibility to perform any audit work on other information, including forward-looking statements, in documents containing audited financial statements, we shall read the other information contained in the Authority's annual report to consider whether such information is materially consistent with information appearing in the financial statements or our knowledge of the operations of the Authority. We have not reviewed any other documents containing the Authority's audited financial statements.

CONDUCT, APPROACH AND OVERALL SCOPE OF THE AUDIT

7. Information on the integrity and objectivity of the Office of the Auditor General and audit staff, and the nature and scope of the audit, was outlined in the Engagement Letter presented to the Board Chairperson and follows the requirements of the ISAs. We are not aware of any impairment to our independence as auditors.

AUDIT REPORT, ADJUSTMENTS AND MANAGEMENT REPRESENTATIONS

- 8. We issued an unmodified opinion on the 2019 financial statements with an emphasis of matter on non-compliance with The Public Authorities Act (2020 Revision), Section 47 Terms and conditions and remuneration of staff.
- 9. A summary of corrected misstatements made to the financial statements is attached in Appendix 1. The total gross adjustments amounted to \$91.52 million for the year ended 31 December 2019. This comprised \$8.53 million of audit adjustments identified by OAG and \$82.99 million of adjustments identified by the Authority.
 - Appendix 2 contains a summary of uncorrected misstatements identified during the audit. Management determined these misstatements to be immaterial, both individually and in aggregate, to the financial statements taken as a whole.
- 10. As part of the completion of our audit, we sought written representations from management on aspects of the accounts and judgments and estimates made. Management provided us with written representations dated 15 May 2024 in respect of our financial statement audit.

SIGNIFICANT FINDINGS FROM THE AUDIT

SIGNIFICANT ACCOUNTING PRACTICES

11. We are responsible for providing our views about qualitative aspects of the Authority's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures. Generally accepted accounting principles provide for the Authority to make accounting estimates and judgments about accounting policies and financial statement disclosures. Except as noted in

our audit report, we are not aware of any areas where the significant accounting practices have changed from the previous year or are not consistent with general industry practice. In addition, we are not aware of any new or controversial accounting practices reflected in the Authority's financial statements.

12. Significant findings from the audit are included in Appendix 3, along with management's response.

MANAGEMENT'S JUDGMENTS AND ACCOUNTING ESTIMATES

- 13. Management has made significant judgments and estimates with regard to the following financial statement items:
 - Depreciation of Fixed Assets- CI\$4.5m
 - Fair value of Property Plant and Equipment- CI\$166.9m
 - Provisions for expected credit losses- CI\$2.6m
 - Post-Employment Health Benefit Liability- CI\$27.6m

GOING CONCERN DOUBTS

14. As a result of our audit, we did not become aware of any material uncertainties related to events and conditions that may cast significant doubt on the Authority's ability to continue as a going concern.

MATERIAL WEAKNESSES IN INTERNAL CONTROL

15. We identified a number of significant matters relating to internal controls as part of our audit. See Appendix 3 for a detailed listing of these matters, along with management responses.

FRAUD OR ILLEGAL ACTS

- 16. Applicable auditing standards recognise that the primary responsibility for the prevention and detection of fraud and compliance with applicable Acts and regulations rests with both those charged with governance of the entity and with management. It is important that management, with the oversight of those charged with governance; place a strong emphasis on fraud prevention and fraud deterrence. They are also responsible for establishing and maintaining controls pertaining to the entity's objective of preparing financial statements that are presented fairly, in all material respects, in accordance with the applicable financial reporting framework and managing risks that may give rise to material misstatements in those financial statements. In exercising oversight responsibility, those charged with governance should consider the potential for management override of controls or other inappropriate influence over the financial reporting process.
- 17. As auditors, in planning and performing the audit, we are required to reduce audit risk to an acceptably low level, including the risk of undetected misstatements in the financial statements due to fraud. However, we

cannot obtain absolute assurance that material misstatements in the financial statements will be detected because of such factors as the use of judgment, the use of testing, the inherent limitations of internal control and the fact that much of the audit evidence available to the auditor is persuasive rather than conclusive in nature.

18. No fraud or illegal acts came to our attention as a result of our audit.

SIGNIFICANT DIFFICULTIES ENCOUNTERED DURING THE COURSE OF OUR AUDIT

19. No serious difficulties were encountered in the performance of our audit.

DISAGREEMENTS WITH MANAGEMENT

20. We have had no serious disagreements with management resulting from our audit.

ANY OTHER SIGNIFICANT MATTERS

Ja Come

21. There were no other significant matters noted during the audit other than those disclosed in Appendix 3.

ACKNOWLEDGEMENTS

22. We would like to thank the Authority staff for their help and assistance during the audit of this year's financial statements.

Yours Sincerely,

Angela Cullen

Acting Auditor General

APPENDIX 3 - INTERNAL CONTROL MATTERS & SIGNIFICANT FINDINGS

#	Audit Finding	Risk/implication	Management Response	Implementation Date
1.	Untimely preparation of bank reconciliations We noted that the bank balances in the reconciliations were different from the general ledger balances. A reconciliation was carried out in 2023, four years after the year-end, resulting in significant adjustments. We also noted long-outstanding reconciling items that had not been cleared on the reconciliation reports.	Risk/Implication Failure to implement proper reconciliation procedures may result in errors, misstatements, and undetected fraud. Recommendation Management should ensure that all bank reconciliations are done promptly and that bank accounts are reconciled to the general ledger at the end of each month.		June 2025
2.	Non-adherence to the Procurement Regulations i. The CIAA did not start the procurement process for janitorial services in time and instead extended its contract with a service provider for the provision of janitorial services from May 1 st , 2019, to February 29 th , 2020, without following a competitive procurement process as required by section 4 of the Procurement Regulations of 2018. The service provider had a three-year contract with the CIAA, which ended on April 30, 2019. Two contract addenda were signed to extend the contract period, first to October 31 st , 2019, and then to February 29 th , 2020. CIAA initiated procurements in July and August 2019, both of which were cancelled. Another procurement was	Uncompetitive procurement processes could result in the CIAA not obtaining the best value for money. Recommendation Management should always ensure compliance with the Procurement Act and Procurement Regulations. This will ensure that CIAA obtains value for money for the goods and services it procures. Management should also initiate procurements early to avoid disruptions to operational needs.	i. It was not feasible to enter a new janitorial contract when the airport was going through a terminal expansion in 2019. The existing company was familiar with the construction works honoring the same unit rates. It was known that a new contract would have had a significant increase in cost. Note: Service contracts are now being tracked on Bonfire to assist CIAA contracts in being tendered on time.	2022

	initiated in November, and a contract was signed on 24 th July 2020.			
3.	Lack of a formal impairment review for assets The CIAA did not conduct a formal impairment assessment as required by IAS 36 (paragraph 9). The accounting standards require an entity to evaluate whether there are any signs that an asset could be impaired at the end of each reporting period.	Risk/ Implication Items of fixed assets could be impaired and thus valued at amounts greater than their recoverable amounts resulting in misstatement of fixed assets. Recommendation CIAA should perform a formal impairment assessment at least once a year to identify if there are indicators of impairment.	Recommendation noted. This assessment will be done for each year going forward.	Dec 2025
4.	Lack of a formal impairment review for Receivables We noted that CIAA did not conduct impairment tests for its receivables as required by IFRS 9. Management maintained the provisions made from the previous year but provided no support as to how this conclusion was reached.	Risk/Implication This indicates that credit risks were not adequately managed and may result in misstatements in financial statements. Recommendation Management should review its receivables for collectability and provide for anticipated bad debts at the end of each reporting period. The provision for impairment should be adjusted in line with the expected credit loss estimate. In addition, management should review its IFRS 9 methodology at the end of each year to incorporate relevant and available data.	Recommendation noted. This assessment will be done for each year going forward.	December 2024
5.	Petrol Throughput billing (recurring issue) CIAA relied on fuel providers for aviation fuel sales and did not have an internal mechanism to verify fuel volumes sold. CIAA had memorandums of understanding with fuel	Risk/Implication This internal control weakness increases the risk of revenue loss if the fuel provider provides incorrect information. Recommendation	Noted. Will continue to research how this can be independently verified without	Dec 2024

	service providers and charged a rate per gallon sold.	Management should put in place mechanisms for verifying fuel volumes sold.	incurring significant third-party expenses.	
6.	This is a recurring issue from the prior year. Lack of signed Lease agreements (recurring issue) CIAA did not have signed lease agreements with some tenants renting their premises.	Risk/ Implication This makes it harder for the Authority to enforce any rights under the agreement and exposes them to financial and legal risks in the event of a dispute. Recommendation Management should ensure that CIAA has legally binding agreements with all tenants.	Noted.	Dec 2025
7.	Poor quality of audit submission and supporting schedules (recurring issue) Most of the schedules provided by the client, such as PPE, Payables, Receivables, and Accruals, were not properly prepared to reflect year-end balances. There were also significant adjustments due to unreversed or incorrectly reversed monthly accruals.	Risk/ Implication This indicates that schedules and journals were not reconciled on a monthly basis, which could lead to material misstatements. This resulted in work delays and multiple audit adjustments. Recommendation Management should periodically review and reconcile the general ledger and trial balance to reflect correct balances at the end of each reporting period. All journal entries should be reviewed with supporting documentation and approved by management before finalisation to ensure accurate processing.	The current Finance team involved in the audit was not with CIAA in 2019. As a result, there is a lot of catching up to be done, learning the CIAA recons and processes. The team has found recons have not been done, and when they are done there are correcting journals that have to be done to ensure correct and complete financial reporting. Recommendations are noted.	December 2024
