Martin,

I am waiting for one response which I should get today. I will then send you over the management response.

Peter

Subject: Responses to Tempura Report

Hi Peter,

As I mentioned in my phone messages to you last week, we are now ready to finalize the report and have it printed for issuance to the LA.

As you are aware, I have not received the official responses to our recommendations. As we have taken into account all the comments we received (and then some), we are prepared to issue the report. My preference would be to issue the report with responses from the government on how it will deal with our recommendations and, if agreeable, a summary of the actions to be taken. As well, as you are aware, we have not substantially changed any of the key findings or recommendations from the early drafts of the report circulated in May from the comments we received. Most of the changes have been to the background information, especially as it relates to the operations of the Strategic Oversight Group.

If I don't receive the responses by tomorrow, I will finalize the report without them and to add a short paragraph in the clearance section noting that the government declined to respond. You have indicated to me that you have a draft response ready, but I have not seen anything to date.

Peter, I don't know any other way to finalize and issue this report at this time. Please let me know as soon as possible if I can expect to get the responses for inclusion in the report and I will facilitate.

Regards

Martin Ruben, CGA
